

Protect Yourself and Your Identity from Fraud and Scams

FRAUD PREVENTION

Ask us about **kiss** Checking with ID Protect!

- Never give out your personal information (social security number, date of birth, address, etc.)
- Never give out your debit card number or the PIN number for the card. The bank has your card number and DOES NOT need your PIN.
- Never give out your online banking credentials (user name and password.)
- Never give out any codes that might be texted to you.
- When searching websites be careful as there are many fake websites out there.
- When applying for online jobs, if you are mailed a check and are asked to send back money or purchase equipment that is probably a SCAM.
- Don't click on any links that pop up.
